NEW CONSTRUCTION/NEW CUSTOMER APPLICATION FOR DOMESTIC/FIRE SERVICE

- 1) The attached application for water Domestic and Fire services must be **Paid In Full** to be reviewed for approval.
- 2) You must provide the installers with information including all permits necessary for the proposed installation.
- 3) A site utility plan/drawing, pdf, must be supplied clearly showing the entire project including, the location of the proposed new water line/main, plan for the new connection to the East Bridgewater distribution system for both Domestic and Fire. The plan must also show the location of the onsite waste system, with the water line maintaining a minimum separation of 10 feet. If the separation cannot be accomplished, then the water line will be sleeved 10' on each side of the waste system, connection or sewer line (per rules and regulations).
- 4) 48 hours prior to the installation/connection the installer must contact the East Bridgewater Water Department office at 508-378-1620 to set a time for inspection. No water lines are to be backfilled before the lines are inspected. No inspection will result in the rescinding of the approval of the water service until the lines are uncovered for inspection.
- 5) If a larger service is required for the new water line the cut and cap of the old service will be at the expense of the contractor/owner.
